

Assistant Executive Director Report Orienteering Canada AGM July 2014

This past year I have been fortunate to work on a variety of projects and tasks learning more about the sport of orienteering as well as the business side of the national office.

With regards to coaching, the approval of the competition introduction materials we were given the approval to move forward with the development of the workshop and learning facilitator materials. This is an important project and we are focused on utilizing orienteering experts to assist with development of specific technical materials.

There was another year of consistent financial support from our external funding partner- the Coaching Association of Canada to provide continue financial support through the next phase of development.

Orienteering Canada is also involved in working with other national sport organizations and the Coaching Association of Canada to work collaboratively to provide training and educational opportunities in a very targeted and cost effective manner. We are looking for more opportunities to provide training and financial support for coaches.

In addition to coaching, it has been a pleasure to be a part of a few other committees such as the Recognition, Awards and Celebration committee which held its first meeting this past June. As well as the Officials committee, where some good work has been done to update and edit much of the materials.

With regards to partnerships we have reached out and had initial discussions with a few key groups such as OPHEA, Scouts Canada, ParticipACTION as well as Premier Sport Awards. This is an area I would like to devote some specific time towards in the coming year.

In addition, I have worked on numerous projects with Charlotte over the year such as sport Canada submission, policy updates, updating operational documents/procedures etc.

I cannot write a report without thanking the numerous volunteers that do so much to continually assist with all work that needs to be done- it's such a pleasure to be a part of this sporting community.

Finally Charlotte MacNaughton. Your volunteer efforts over the 10+ years as Executive Director are unfounded anywhere else. You have provided countless hours of work, leadership and guidance to help bring Orienteering Canada to where it is today. I've appreciated all your mentoring this past year and have enjoyed working with you. Best wishes to you as you focus on other projects and endeavours.

Respectfully submitted,

Tracy Bradley
