Past Year's Work

The past year's work consisted of revising the Officials Certification Requirements for all the levels. In addition we completed the O300 manuals for the Event Director, Course Planner and Controller modules. Exams for all levels except for the O300 Controller course were revised. A first draft of Guidelines for Major Championships, Event Director, was also completed.

Future Work – Projects and Goals

To be completed: O300 controller exam, Guidelines for Major Championships, Course planner and Controller sections. The goal is to complete them this year. Looking down the road, if the Technical Committee decides to add a Technical Difficulty 0 for beginners and juniors 10 and under, we will be faced with the review of the junior Technical Difficulty material.

Success and Challenges

Completing the necessary revisions of ____ as well as the professional copy editing and formatting of the Course planner module as well as the Event director module.

The committee has been helpful in the review of materials in a timely manner for the editor

Challenges for the future will be to the ongoing maintenance of the rules etc- the committee will need to find someone with good editing skills to assist with this task.

Finances

\$1000.00 has been spent on the professional editing and formatting of Course planner module and Event director module
