Past Year's Work

This is a newly formed committee this past year. There are three main areas the committee has decided to focus on:

1. Finding ways to recognize volunteers within the Orienteering community-points to consider: When to recognize? How should they be recognized and at what level.
2. Exploring ways to recognize the volunteer efforts of orienteers outside of orienteering on a more national level.
3. 2017 50th anniversary- developing a plan for this important celebration year.

Future Work – Projects and Goals

Same as above. The projects and goals have been identified, it will be a matter of continuing forward with these ideas.

Success and Challenges

AOA's successful nomination of Charlotte MacNaughton for the 2014 Sport Volunteer recognition awards. This was held at the Alberta Sport Leadership Conference this past year. A big thank you to Kitty and the AOA for putting together the nomination!
