| Committee Members | Anne Teutsch, Bill Anderson, Jim Blanchard, Tracy Bradley, Kitty Jones, Brent Langbakk, Charlotte MacNaughton, Forest Pearson |
| Report Date | 2015-07-08 |
| Submitted By | Anne Teutsch |

Past Year's Work

This committee is just getting started. The first task, and only task this year, was to pull together a representative from a number of relevant Orienteering Canada committees to join this Liaison Committee. There are now representatives from on this new committee from:

- Coaching Committee
- Officials Committee
- Technical Committee
- High Performance Committee
- Sass Peepre Junior Development Committee
- Communications

Future Work – Projects and Goals

At the start of 2015, in addition to creating the committee, there were three goals set for the LTAD project. These will be pursued over the next 6 months, and more. They are:

- Creating and distributing concise materials relevant to the LTAD – for example a one pager to go with our robust LTAD guide
- Increase awareness and knowledge of the LTAD to the Canadian Orienteering community
- Ensuring that the LTAD is informing the work of the Officials, Coaching, Technical, Sass Peepre and High Performance committees.

Successes and Challenges

No work has been done by this committee to date. Getting a group together to get started is our first success!

We will report back next year with successes and challenges.

Finances

There have been no expenses to date for this committee. Future expenses may include soliciting outside support to help us embed the LTAD in the work we do.
