### Past Year's Work

1. The first ever meeting of this committee, in September provided an opportunity for each of the committee members to share the work of their committee (Coaching, Officials, Technical, High Performance, Sass Peepre) with the rest of the group.
2. The committee has acted as a sounding board for Kate Knapp and Jeff Teutsch regarding their work on the Junior Curriculum both getting updates from them and giving input to their work.
3. The committee has reviewed the work of the Technical Committee on changes to Course and Category guidelines, to offer feedback from the perspective of the many committees represented within this group.

### Future Work – Projects and Goals

1. The committee will continue to act as a communications tool between committees.
2. The committee will continue to be involved in giving input and feedback on the Junior Curriculum as it progresses over the coming year.
3. Increasing awareness and understanding of the LTAD in the orienteering community.

## Successes and Challenges

1. The meetings of the LTAC Liaison Committee have worked well as a means of communication between the various committees that are a part of it.
2. This committee has proved a useful tool for the work on the Junior Curriculum as that work is closely tied with the LTAD and impacts all the committees represented on the LTAD Liaison Committee in various ways.

## Finances

No expenses for this committee this past year.

There may be some LTAD Committee expenses to fund some of the work on the Junior Curriculum documents in the coming year.

## Additional Notes
