

## Committee Report to 2019 AGM

Committee Name	<b>Coaching Committee</b>
Committee Chair	Bill Anderson
Committee Members	The committee will be dissolved until new development is approved
Report Date	July 10, 2019
Submitted By	Bill A.

### Past Year's Work

No changes to the workshop material except that we continue to update/refine the Intro to Coaching workshop content every time it is presented.

Congratulations to Alberta for the four Introduction to coaching workshops held so far this year – all over the province.

Cochrane, Edmonton (Sherwood Park), Red Deer, and Alhambra.

### Future Work – Projects and Goals

Workshops available in French for the Quebec clubs are still in the planning stages. There is a fair bit of interest – just a matter of class scheduling and updating the old versions of the slides and Workbook to match the current English version.

The concept of a follow-up workshop (*On-Going coaching*) to give the new coaches more practical experience with setting up and delivering practices is still being considered. And to bring the “older” coaches up-to-date with new developments like the Athlete's Development Matrix.

## Successes and Challenges

It is great to see the many successful and growing programs for our younger orienteers led by coaches who have taken part in the Coach Certification program.

It has been a challenge to organize the evaluation/certification step in the **Competitive Coach** program. We want to move ahead with this step but need a practical opportunity to schedule and organize our first formal Evaluation event. We have received only a couple of requests so far.

## Finances

We continue to receive a Coaching Association of Canada (CAC) budget of \$3000 for the upgrading of new workshop material and to fund the development of our Coach Developers – Learning Facilitators, etc.

We are grateful to the clubs and Provincial Associations who support the training of our coaches with funds to cover classroom costs, honorariums, and registration fees.

## Additional Notes
