

# Follow Me 2

## ACTIVITY DETAILS

### AGE

15+

### MATERIALS

Maps  
Controls

### TIME

30 minutes

### GOAL

To learn to thumb the map and identify one's location in the terrain while moving

## INSTRUCTIONS

### SET UP

- Plan a course with an even number of controls
- Make an A map consisting of the start triangle and every second control. Make a B map starting at control 2 with every second control
- Place the controls

### ACTIVITY

- Divide the participants into pairs
- Provide an A map to partner 1 and a B map to partner 2
- Partner 1 navigates to the first control. Partner 2 follows, thumbing their map
- When partner 1 indicates that he/she has reached the first control, partner 2 must locate their position on the map and navigate to the second control
- The partners continue to switch at each control until they have completed the course
- This activity can also be planned with a random number of controls for each partner's turn
