Past Year's Work

The committee has been working to recruit hosts for coming Canadian Championships and to provide support and mentorship where appreciated, to organizers of these meets. Currently scheduled championships each have a dedicated liaison person from the Major Events Committee person.

For 2019 The Montreal Ramblers will host the COCs, with Orienteering Ottawa organizing an event in the week leading prior to the COCs. For 2020 Kootenay OC will host the COCs.

The group has also been involved in the discussions about new sanctioning procedures and a review of the O Can Levy structure for Championship meets as well as various other topics that come up from time to time related to Major Events.

The Major Events Committee would particularly like to thank the YOA for allowing themselves to be coerced into hosting this year's Canadian Championships in addition to the North American Championships. Thank you also to the clubs that have stepped in to support YOA in making this happen – particularly FWOC and GVOC.

Future Work – Projects and Goals

The committee is currently in communications with clubs who may be willing to host the 2021 and 2022 COCs. It is also currently looking for a host for the 2022 NAOCs. It is the goal of this committee to have these three hosts secured within the coming year.

The committee has started an organizer's guideline for organizing major events. The work on this will continue through the next year.

Successes and Challenges

The committee will feel like it has achieved success when hosts are lined up COC's and NAOCs looking three years down the road.

One of the roles of the committee is to provide support to organizing clubs. It is learning what support is needed and how best to provide it as it works with organizers of major meets.

Finances

None in past year, none foreseen for the coming year.

Additional Notes

If any club or individual has any interest in (or questions about) getting involved in hosting a Canada Cup or Championship event in the coming years please reach out to any of the committee members.
